 "I had dreadful pain in my back and sides and when one of these weak, aching spells would come on me, I would have to give up and lie down until it was over."  
 "I was finally in a dreadful state of nervousness, when I finally decided to try Cardui, the woman's tonic, and I firmly

## ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

**John A. Austin Won Cheese.**  
 John A. Austin, well known merchant of the city, won first honors, and incidentally, 10 pounds of cheese, in the guessing contest conducted by the Ideal Grocery Co. Several days ago this grocery concern received a huge cheese which was put on display in one of its show windows. It was announced that the one guessing the weight of big cheese would be awarded a prize of 10 pounds of the produce. Orders were taken from the public for various amounts of the cheese, and yesterday the weight of the monster was announced, it tipping the scales at 317 pounds and the guess registered by Mr. Austin being 310 pounds. As Mr. Austin had previously given his order for ten pounds of the product, he is today not only the possessor of that amount of cheese but the 10 pounds awarded as a prize to the winner of the contest. All of which increases that for the next several days cheese will occupy a prominent position on the menu served in this estimable gentleman's house.

**Goes to Bring His Family Here.**  
 H. B. Fitzgerald, the new manager of the Anderson Fertilizer Company, returned to Atlanta yesterday for the purpose of bringing his family to this city. They will occupy the Marshall Orr house on Maxwell avenue. Mr. Fitzgerald and his family will be a welcome addition to the life of the city. Since coming to Anderson Mr. Fitzgerald had been stopping at the Y. M. C. A. home. During his college days Mr. Fitzgerald was a star in the athletic world of Georgia Tech, and his prowess is readily recalled by those who keep in touch with college athletics.

**Has Attractive Window Display.**  
 Two of the most attractively decorated windows in the city are those of W. A. Power, and they have elicited no little comment from passersby. One of the windows is dressed to represent the fresh meats of this well known store, while the other window shows fine assortment of holiday goods. In the former window there is to be found celery, lettuce, grapefruit, dressed turkeys and chickens, beef, pork, apples, oranges, onions, pumpkins, etc. This window was dressed by B. L. Rouda, manager of the fresh meats department. The other window contains an assortment of raisins, apples, figs, grape fruit, pumpkins, fruit cake, canned goods, etc. The Thanksgiving idea is carried out in detail and makes a beautiful display.

**Times Improving in New England.**  
 E. S. Newhall, representing the Draper Loom works of Hopedale, Mass., who has been here for the purpose of closing a contract for the installation of several new looms in the Anderson county mill, and yesterday that since the beginning of the European war the manufacturing industry in New England had been curtailed at least 50 per cent. Conditions are improving lately, however, said he, and it is believed that they will again be normal ere long. Real winter weather has descended upon New England, said Mr. Newhall, and ice skating has come into its own again.

**Suffering From Injured Foot.**  
 C. M. Elgin, who is connected with the Townsend Lumber Mills, is suffering from erysipelas as a result of injuries sustained in one of his feet some days ago. It is understood that Mr. Elgin struck a splinter in his foot or scratched it in some way. He has been confined to his home on Arlington avenue for the past few days.

**Little Doing With Recorder.**  
 But two cases occupied the attention of Recorder Russell when court was convened yesterday afternoon. Percy Hutchinson, of colored denomination, was hauled up on charges of loud swearing and general disorderly conduct. He was assessed the sum of \$5. Lawrence Walker, also colored, was also presented to the court on similar charges, but they were dismissed. Tuesday afternoon Recorder Russell presided over the case of Clarence Williams, colored, charged with selling whiskey. The defendant was convicted and fined \$100. Williams was tried some days ago, his case resulting in a mistrial.

**Cely Company Replaces Glass.**  
 A large new plate glass was yesterday placed in one of the show windows of the T. L. Cely Company, replacing a glass which was broken some time ago.

**No Recorder's Court Today.**  
 There will be no session of the recorder's court today, the officials deciding to observe the national holiday. Mortals so unfortunate as to have been arrested after midday yesterday will have to remain in prison until tomorrow, unless they furnish bond. Indications last night were that there would be little disorder to mar the spirit of the occasion.

**Anderson Should Have Streets Cleaned.**  
 According to a local citizen who mingled with the party of C. & W. C. Railroad officials who were here the first of the week for an inspection of the company's properties in Anderson, they were deeply impressed with the beauty of the city and its clean, well kept streets. Several of the officials are said to have remarked that it was positively a shame that a city so beautiful as Anderson should not have more street paving.

**Sunday Hours At Postoffice.**  
 Today being a national holiday, the postoffice will observe special hours. The city carriers will make the morning delivery of mail only, while rural carriers will not go out. The general delivery windows will be open between mails. The other windows will not be open at any time during the day.

**Dines Members Of City Council.**  
 Members of city council were tendered a delightful dinner party last night at the residence of Alderman Charles F. Spearman. The gathering of city fathers was purely of a social nature and was enjoyed immensely by those present.

**Grows Splendid Celery Here.**  
 That celery can be grown in Anderson to the queen's taste has been ably demonstrated by O. M. Heard. Yesterday Mr. Heard was exhibiting several bunches of celery which were grown in the garden of his home. The stalks were as large and finely shaped as any Kalamazoo product ever shown here. The celery was grown from plants secured from Furman Smith, the well known seedsman.

**One Case Was Before Magistrate.**  
 But one case was before Magistrate W. C. Broadwell yesterday for consideration, this being Jim Weathers, white, who pleaded guilty to charges of beating a board bill. Judge Broadwell sentenced the offender to pay a fine of \$15 or serve 30 days. As the individual was without the cash he had no other course open to him but that of choosing the days. The dependent in the case was John Miller of the Anderson Mill village.

**Had Sustained A Broken Arm.**  
 Ben, the young son of Dr. J. B. Townsend, sustained a broken arm yesterday afternoon while cranking an automobile. The accident occurred on Main street about 3 o'clock. The young man was given prompt medical assistance, and though the arm was badly broken he was reported to be resting well last night.

**Possum Dinner For Officials.**  
 A bird and possum dinner is what county officials will enjoy today at the home of county treasurer Dr. W. A. Tripp at his home in Brushy Creek. Several fat possums and a large number of fine birds have been collected for the feast, and county officials yesterday were smacking their lips in anticipation of one of the most tempting dinners to which they have been invited in many moons.

**Wasting Time At Postoffice.**  
 It has been suggested that business men who go for their own mail and those who send their porters for it in the forenoon can prevent a waste of much time if they will bear in mind that the morning mail does not arrive here now until about three hours later than was formerly the case. An observant citizen stated yesterday that many business men are still in the habit of going or sending to the postoffice for mail almost before it arrives in the city. The morning train that brought mail from Seneca, arriving here at 6 o'clock, has been discontinued as generally known, and that mail does not now arrive until about 9 o'clock. Nevertheless, it is stated, some still congregate in the lobby of the postoffice at the same hour as they did when the mail arrived earlier and thus lose much valuable time. It has been suggested that this time can be saved if the morning mail will be sent for and gotten by the patrons themselves about 10 o'clock.

**Three Held On Charge of Gambling.**  
 Two white men by the name of Collins and Hammond and a negro whose name could not be learned were arrested yesterday afternoon by Officers Olin Sanders, Williams and others in the vicinity of the carnival grounds in North Anderson on charges of gambling. The men were lodged in the county jail.

**Football Game To Be Held On Saturday.**  
 The game of football scheduled to take place this morning between teams of the Anderson High School and Greenwood High School at Bucan Vista park has been called off. Officers of the Anderson team yesterday received a telegram from the management of the Greenwood aggregation stating that it would be impossible for them to play here Thanksgiving, as had been arranged. No returns were assigned for the cancelling of the engagement.

**Postmaster Matter Is Yet Unsettled.**  
 Conjecture as to who will be the next postmaster at Anderson is just as much in order as ever, according to a statement made yesterday by Congressman Wyatt Allen who is spending a few days in the city. The matter of appointing a postmaster for this city will come up at the session of congress which convenes on December 7. As generally known, there are some seven or eight applicants for the office.

**To Settle Loss In Oil Well.**  
 Julian Calhoun of Spartanburg, an independent insurance adjuster, Mr. Watson, representing the Southern Adjustment bureau of Atlanta, and Q. Frank Johnson of the Citizen's Insurance Agency went to Townville yesterday for an inspection of the ruins of the Fork Township Oil Well.

## Appetite Follows Good Digestion

Nearly everyone indulges their appetite and the digestive organs are abused, resulting in a condition of poisonous waste that clogs the bowels and causes much misery and distress.

The most effective remedy to correct this condition is the combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin. This is a natural, pleasant-tasting remedy, & the yet positive in action, and quickly relieves indigestion, constipation, sick headache, belching, etc. Drug stores sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle, and in thousands of homes it is the indispensable family remedy. For a free trial bottle write Dr. W. B. Caldwell, 451 Washington St., Monticello, Ill.

Company's plant which was recently burned. The adjusters hope to reach some agreement in the case within the near future.

**Ginning Receipts For the Season.**  
 According to information given out yesterday, the cotton ginning receipts for Anderson county prior to November 14 totaled 44,488 bales. The receipts for the corresponding period of last year were 61,958.

**Checked Up Millia Equipment.**  
 The work of checking up the equipment of Co. E, better known as the Palmetto Rifles, National Guard of South Carolina, was completed yesterday by Sergeant Henry L. Thompson, Co. I, 16th Infantry, of Columbia, who came here some days ago for this purpose. The sergeant is making an inspection of equipment of all companies of the National Guard in the State and will make a report on the same to the government.

**Doesn't Look Like Hard Times.**  
 If purchasing of automobiles is any indication that times are hard, then there are no hard times. Archie L. Todd, who has the Ford agency for this district, reported yesterday delivering a new car to a customer at Autun, this being the second sale for this month.

**Revenue Stamp On All Freight.**  
 Local representatives of the Southern Railway have received notification from Washington that beginning December 1 all bills of lading must have a government revenue stamp to the value of one cent on them. Each shipper will be required to purchase the stamps and cancel it himself, using his initials and also putting the date upon it. These stamps will be sold at the postoffice and the freight agents can not accept the bill of lading without the stamp being affixed. This is a part of the new war revenue bill, a part of which has gone into effect and the rest of which will become operative. After this time, a person will also have to pay one cent for riding in a Pullman car and there will be slight taxes on drugs, cosmetics, tobacco and all kinds of alcohol beverages. The war tax will also apply to railroad tickets, it is stated.

**Help the Carrier Win a Watch.**  
 Are you a subscriber to The Intelligencer? If not give the carrier, who delivers on your street, your subscription today or telephone 321 and ask that he be given credit for it and thereby aid him in winning one of the watches offered in The Intelligencer's carrier contest. Two watches have already been awarded, the successful candidates being Jimmie Daniel and Ernest Geer. There are still five watches to be given, one of which is a 10-year gold filled case Trenton watch. Today will be a good day to help your carrier win a watch. He might be on time, too, if he had a watch in his pocket and you could read your paper earlier each morning.
